As of right now, yes I will need you both. Can we do phone notice like we usually do? I am very close to working out a plea with [REDACTED]. A plea is still possible with [REDACTED] - but its getting late in the day for that. The certs are very confusing with these cases. If I only end up going forward against [REDACTED], it will be for [REDACTED] which actually lists the defendant as [REDACTED] but [REDACTED] is involved. You did the analysis, so Hanchett wont be necessary unless I go forward on [REDACTED] too. BUT - we are last on the trial list tomorrow so I dont want you to come out here for nothing, unless and until I know this case is definitely on.
Dana

Dana,

Jim is the analyst on [REDACTED] and I am on all the rest. Do you have any info on the status? I know its early but I will be heading out shortly for Springfield DC. So just email me with the information and whether you will need both of us tomorrow or not. Thank you.

Hi Rebecca,

Yes, these cases are still scheduled for trial but I am trying to work them out as we speak! I have the following lab numbers:

If you dont hear from me by Tuesday afternoon, will you email me about this? I am hopeful to be able to resolve it short of trial but want to make sure you are aware of what is going on.

Thanks,
Dana

Hi Rebecca. This is Dana Parson's case. I have cc'ed her on this e-mail so she can let you know what is happening with the cases.

Thank you for everything.

Joe

Jim Hanchett left a couple of summon's on my desk that were addressed to him for cases scheduled for Wednesday 5/4/11. One is [REDACTED] and the other is [REDACTED] Neither summons had a lab number on them, so he looked up information on our end by the defendant name and saw that what was listed is actually my samples. [REDACTED] Is this correct and do you expect to need me in Pittsfield on Wednesday?
